**Subject:** AK projects monthly call

Hi Jennifer and all –

I may be late to the AK projects call today. **Not Responsive**

Below is a mining update in case I miss the call altogether (if the bilateral agenda is off or the mining topic goes long).

Current projects:  
Pebble - No change since last call. EPA has not sent out its NEPA comment letter on the Final EIS. We have not heard anything from the Corps related to the compensatory mitigation plan, ROD timing, etc. Pebble partnership is doing a presentation at the AMA conference this afternoon that I plan to listen in to.
